Come With the Crowd.

TWIN BROS., Paris, Ky.

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

Wanted Tobacco to Prize.

I am now prepared to prize and store your tobacco. J. WILL THOMAS, East Tenn. 478.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when they have been asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by W. T. Brooks. You need no other guarantee.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken down in health by too frequent bearing of children, also for the expectant mothers to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." I can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic, adapted to woman's delicate system by physician of large experience in the treatment of woman's peculiar ailments. Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Poultry Show at Lexington Fair.

Special attention is directed to the splendid offering for poultry and pigeons at the Blue Grass Fair. An excellent judge has been secured and entries for this class of stock close on August 6, the fair beginning Monday, August 10. The Poultry Show has been for the past two years one of the prominent features of the Blue Grass Fair one in which all the leading poultry raisers of Kentucky have participated. Their support should be especially enlisted this year because the Blue Grass Fair Association has provided a poultry building that meets all requirements of exhibitors and is in every sense an addition of value and of real service to the grounds. Entry blanks for the department of poultry and pigeons can be had upon application to J. W. Shouse, Secretary, Lexington, Ky.

Convalescents need a large amount of nourishment in easily digested form.

Scott's Emulsion is powerful nourishment—highly concentrated.

It makes bone, blood and muscle without putting any tax on the digestion.

ALL DRUGGISTS; 50c. AND \$1.00.

LIVE STOCK AND CROP NOTES

—Adair Bros. threshed for Ardery & Batterton fifty acres of wheat that averaged 27 bushels per acre. Messrs. Ardery & Batterton, along with several neighbors, pooled their wheat crops, aggregating over 4,000 bushels which they sold to a Paris firm for 90 cents per bushel.

—U. S. G. Pepper bought and shipped this week to his brother-in-law, E. W. Woolfolk, the following walking horses: Of Chas. Martin, one, for \$225, Dave Hampton, one, for \$287.50, and of James Buckner, one, for \$220.

—James C. Cord, of Fleming county, has just finished harvesting his wheat crop of 69 acres. Thirty acres of it yielded 25 bushels to the acre; 9 acres 35 bushels to the acre of improved Fultz wheat, and 30 acres produced 10 bushels to the acre of the old Fultz variety. The entire 69 acres yielded 1,374 bushels, or just a fraction under 2 bushels to the acre.

—At Cynthiana, Monday, the court day crowd was a good sized one, but only a limited supply of stock was on the market. The top price for cattle was \$4.45; horses showed little or no change, \$50 to \$80 for common and \$150 for good ones.

—At Winchester, Monday, court day, there was a comparatively small crowd in town. Over eleven hundred head of cattle were offered. The buying was unusually brisk. Steers were sold at 3 1/2 to 4 1/2 cents per pound, heifers at 4 to 3 1/2 and cows from 2 to 3 cents. About 200 head of sheep were on the market but there was no demand for them.

Fine Spring Tonic.

The Lion export bottle beer is one of the best of spring tonics. With the coming of spring days there is generally a tired feeling, nature needs an assistant to encourage a man to his best efforts. You will find that this celebrated beer will excel anything else. T. F. BRANNON, 17 5t Wholesale and Retail Dealer.

Thoroughbreds for Cavalry.

Lieut. Duncan Elliott, United States army, who is posted at Ft. Riley, Kan., but who is acting as purchasing agent of horses for the United States Government, has arrived at Lexington and will remain for some time in an effort to buy a large number of thoroughbred horses for use in the United States cavalry. Lieut. Elliott states that the thoroughbred is just the horse needed in the service, and were it not for the high prices that have prevailed in the past, would be used more extensively. Owing to the present low prices caused by the anti-racing legislation in New York, Lieut. Elliott now hopes to be able to secure a large number of thoroughbreds for the army. "I think that the Government should allow us pay for our horses and use thoroughbreds exclusively," concluded Lieut. Elliott.

A Refreshing Drink.

The most refreshing summer drink is the celebrated Lion Export Bottled Beer. Made under the most hygienic process known to modern science. Always fresh on draught or can promptly fill any order for it by the case. 17 5t T. F. BRANNON, Agent.

Danger in Soft Water.

Experience in England shows that in towns supplied with soft water the death rate is 19.2, while in towns that have a supply of hard water it is only 16.5.

"Fighting Bob's" Son a Fighter.

Lieut. Frank T. Evans, son of Rear-Admiral Robley D. Evans, and Lieutenant-Commander J. F. Carter, of the battleship Georgia, engaged in a fist fight Friday night on board the latter's vessel. Every effort was made to keep the matter quiet, but it became public and was freely discussed among the sailors before the departure of the fleet from Honolulu. Evans, who has something of a reputation as a handy man with his fists, appears to have had the better of the encounter. Neither Evans nor Carter would discuss the nature of their differences.

The incident will without doubt be brought to the attention of the naval authorities at Washington and an investigation and possibly a court martial will be ordered. Carter was formerly in command of the Iroquois, but was recently appointed executive officer of the Georgia. A few days ago he attacked F. B. Moore, a newspaper man, who had refused to retract a published statement derogatory to Carter. Carter was arrested but released on \$50 bail.

It was just after Carter had gone aboard ship that the young lieutenant approached him, and they engaged in apparently friendly conversation. Then their elevated voices attracted attention. Suddenly Evans dealt the other a terrific blow in the face. Carter reeled and almost fell. Friends prevented further hostilities. Efforts were made at once to suppress reports of the encounter.

Young Evans was involved in a fight during the presence of the fleet in San Francisco. He defended sailors from his ship against a crowd that had attempted to rob them in a Pacific street resort. On that occasion he kept the thugs at bay with a pistol while the police restored order.
